

Expect the unexpected

AN EXPERIENCE THAT REVEALS ITSELF GRADUALLY.

A corporate event format designed to surprise your guests, unfolding new moments from start to finish. Tailored to your brand and your story, in an intimate, captivating setting.

BIG IMPACT LIVES IN THE SMALLEST DETAILS

Think of a box-in-box world designed for intimate groups of 10 to 30 guests. Throughout the evening, the atmosphere shifts in subtle, surprising ways. Between courses, the room comes alive with **classical interludes, dance performances, or other unexpected moments** that draw your guests deeper into the story.

We host the experience in a **carefully selected venue** or build it seamlessly inside your own space. Catering is curated for your audience, crafted to match the mood and the people at the table. The visual world – atmosphere, styling, branding – is created from the ground up, so every detail feels intentional and part of the unfolding narrative.

From the first impression to the final moment your guests walk out in awe, this is an evening built to surprise, to delight, and to stay with them.

SYLVESTER

Expect the unexpected

LOCATION

For every experience, we look for a venue that fits your brand, your guests and the atmosphere you want to create. Prefer working in your own space? We simply build our box in-house and turn it into an unforgettable setting.

To ensure everything runs smoothly, technically and logistically, we need a suitable **space of at least 10 by 20 meters**, though exact dimensions can be discussed. The location should be **ground-floor accessible, without thresholds**, so build-up and transport can happen efficiently. We also require access to **power, running water and drainage**. Finally, we count on **sufficient parking** for the expected number of guests, plus 15 additional spots for our crew.

IF YOU FEEL THIS CONCEPT COULD ELEVATE YOUR NEXT EVENT, LET'S SIT TOGETHER AND EXPLORE HOW IT CAN COME ALIVE FOR YOUR BRAND.
